September 11, 2009

Dear ASCE Member:

As a part of our organization's commitment to bring continuing education to our local Civil Engineering community, the ASCE Acadiana Branch would like to invite you to this year's fall technical seminar to be held on October 22<sup>nd</sup>, 2009 at the Hilton Garden Inn in Lafayette, Louisiana. The seminar will be a comprehensive one-day event worth eight (8) Professional Development Hours (PDH) that will focus on several areas of civil engineering including: Pre-stressed Concrete Design and Analysis, Coastal Restoration, Deep/Shallow Foundation Design, Post Tension Slab-on-Grade design, and Site Investigation Techniques. The branch has secured three experts in the aforementioned civil engineering areas who are well-recognized nation-wide in their professional, academic, and scholarly activities.

Enclosed you will find a detailed seminar agenda, a registration form, and a map to the Hilton Garden Inn for your use. The Acadiana Branch will also provide a PDH Certificate to each registrant (three weeks after the seminar). The Board of Directors has worked really hard to bring such a seminar to Lafayette, so we encourage membership participation. Please note that the deadline for early registration is Thursday, October 15<sup>th</sup>, 2009. If you should have any questions please call or email Randel Badeaux at 337-237-0404 / [rbadeaux@erdesormeaux.com](mailto:rbadeaux@erdesormeaux.com) or any board member.

Sincerely,

Joshua Stutes, P.E.  
ASCE – Acadiana Branch President
